Okay, so my friend Giantsnowball told me some things about Miles blocking me because of a guy named Rupert, and I want to defend myself.

The only time I ever leaked screenshots to GSB was when I had permission from Miles to show him. I'm 100% sure I got permission because I remember that VC clearly. The only rule Miles gave me was not to share her vents, which I respected and never shared. The other time I leaked screenshots was when I felt pressured by Slinky, another friend of Miles, to block GSB. I was really stressed out at the time because Slinky was telling me that he and other people I thought were close to me hated me, and he insisted I cut ties with them. So, I confronted GSB about it and showed him the screenshots to question him. I was already under a lot of stress, and I felt like I was being pressured into blocking GSB, so I showed him the screenshots.

But gsb helped me through that
I can't really hate the dude

slinky/beans 03/11/2024 10:44

gsb does deserve his audience either bruh

i know he already got exposed multiple times but people are still supporting him why 😭😭

Read about me 03/11/2024 10:45

I mean atleast gsb is atleast trying to distance himself from multiple dramas

I can't really hate gsb me and him are sum what close but leans is just a dick in general

But I don't support what gsb is doing to miles

> **Read about me** I mean atleast gsb is atleast trying to distance himself from multiple dramas

slinky/beans 03/11/2024 10:50

ok that is good i'm glad that he's doing that

Read about me 03/11/2024 10:51

I only support gsb cause he's basically the main reason why I know many people in the osc and he helped me throughout times but I don't support what he does to others

slinky/beans 03/11/2024 10:51

It’s also important to point out that when I leaked screenshots to Miles, I only did it to stay neutral in the drama. Both GSB and Miles were my friends, and I was worried GSB would get mad if I didn’t show him any screenshots, so I gave them to Miles instead.

Now, not to mention, Rupert is doing all of this out of spite because he finds me annoying, and he’s sick of Miles only defending me. Rupert has been actively spreading things about me to other people without telling the full story, and it’s really frustrating because he’s clearly not interested in resolving things — he just wants to make me look bad.

This whole situation is ridiculous. Many of my friends are turning on me because Rupert is spreading lies or half-truths, and they’re all taking his word over mine. The truth is, it only happened twice. The first time, I had permission from Miles, and the second time was because I was under immense stress and felt pressured by Slinky to block GSB, which led me to question him and show him the screenshots. I’m just trying to clear my name here.
